Subject: Following Up – Outdoor Learning Opportunities at Trees For Tomorrow

Hi [Name],

I hope you're doing well! I'm reaching out to follow up on our recent conversation (or: the email I sent a little while ago) about Trees For Tomorrow and the outdoor learning experiences we offer for K-12 students.

Whether you're considering a first-time visit, or thinking about bringing your students back, we'd love to work with your school to create a meaningful, hands-on environmental education experience. Our programs support academic standards, promote teamwork, and give students the chance to connect with nature in a powerful way.

If you're interested in discussing trip options or need more details, I'd be happy to connect you with our program team. And if now isn't the right time, I completely understand—just let me know if you'd like me to follow up later in the year.

Thanks again for your time, and I hope to have the opportunity to welcome your students on campus soon!

Warm regards,

[Your Name]
