EMAIL OR LETTER TEMPLATE *For New Schools*

SUBJECT: Bring Your Students Outside – Transform Learning with Trees For Tomorrow

Dear [Educator's Name / School Administrator],

My name is [Ambassador Name], and I'm proud to serve as an ambassador for **Trees For Tomorrow**, an environmental education center nestled in the Northwoods of Eagle River, Wisconsin. I'm reaching out to personally invite your school to experience something truly transformative — outdoor learning that makes a lasting impact.

Why Trees For Tomorrow?

In today's fast-paced, screen-filled world, students are craving connection — to the earth, to each other, and to themselves. Our campus offers immersive, standards-aligned environmental education programs that do just that. Through hands-on science experiences in real forests, wetlands, and lakes, students not only learn — they *feel* the content come alive.

Benefits Beyond the Classroom:

- **Boosted mental health:** Time in nature has been proven to lower stress and increase focus.
- **Stronger student engagement:** Outdoor learning boosts curiosity, motivation, and retention.
- **Character development:** Our programs promote teamwork, resilience, and critical thinking.
- **Memorable experiences:** Whether it's navigating a compass course, tracking animal signs, or learning how forests grow, students walk away inspired.

SOLE: School Outdoor Learning Experiences for K–12

Our SOLE programs are thoughtfully designed to meet learners where they are — from kindergarteners exploring their first trails to high schoolers diving deeper into ecology and conservation. Programs are tailored to your group's age, curriculum needs, and goals.

We would love to help you start planning a visit. I'm happy to share my own experiences or connect you directly with our team to answer any questions.

Let's get your students outside — where learning is unforgettable.

Warm regards,

[Ambassador Name]
